The aquatics summer season began on Memorial Day weekend, May 26, 2012, and ended on Labor Day, September 3, 2012.

This year's aquatic's theme was "Making a Splash! Four pools four times the fun!" The season opened with four aquatic facilities, Fontana Park Aquatic Center, Heritage Pool Complex, Miller Pool and Don Day Pool.

On August 11, 2012, the Martin Tudor Splash Park was opened with two water slides, a splash pad, and a grassy area with shade for those wishing to stay out of the sun. The Mayor and the City Council were present for the ribbon cutting ceremony. Community Services provided games, activities and programming. There was live entertainment, food, and give-aways available to the approximately 1,500 participants at the grand opening.

The Splash Park was open seven days a week in August and weekends in September. There have been over 3,053 participants since its opening.

The Fontana Park Aquatic Center offered recreational swim, swim lessons, lap swim and water walking, aqua aerobics, clubs/camps/teams and special events.

Programming at the community pools included recreational swim, aqua aerobics, and swim lessons; Heritage Pool offered semi-private swim lessons and Miller Pool offered lap swim and water walking.

The Fontana Park Aquatic Center noted a 12% increase in attendance for the past two years. Total attendance at the Aquatic Center during the 2012 summer season was 50,328 participants.

The Don Day Center had a 46% increase in attendance.

Other pools had a slight drop in attendance, but it is important to note that the summer season was reduced in 2012 with the change in the school schedules causing a loss of two-weeks of programming.

Swim lessons are an important component of an aquatics program and currently, Fontana Water Safety Instructors are certified in the American Red Cross, Learn-to-Swim program. The 35-hour course teaches instructors how to teach Water Safety and Instructional Swim to a diverse audience ranging from infants to adults, and Instructors learn how to adapt to special need participants.

The Fontana Park Aquatic Center serviced a total of 3,399 registered participants in 2012; 464 were enrolled in the recently expanded Saturday morning lessons. There was an 18% increase in 2012.

Attendance at all combined community pools declined by a total of only 6 participants and can be in relation to the local school schedules.

The four community pools cover three different school districts and attempt to cater to the demand of each service area with modified program times when school is in session.

Lap Swim, Water Walking & Aqua Aerobics were recently expanded due to a demand. The Fontana Park Aquatic Center is in its third consecutive year in offering these services, and currently caters to over 5,500 participants over the entire summer season.

Aqua Aerobics programming was introduced for the first time to the local community pools, and witnessed 181 participants over the summer. The Aquatics Division will be focusing efforts to produce growth in this program.

The Aquatics community is a tight knit community with loyal participants year-round. The Fontana Park Aquatic Center is home to The Fontana Aquatics Club, also known as the Seahorses; the Fontana Flyers Masters Swim Team; the Junior Lifeguard Camp; and the Fontana Tiger Sharks Water Polo team.

This past summer, a combined 288 participants committed to these monthly programs. All groups serve specialized areas within the aquatics community, to participants of all age levels. Some may provide a feeder program to High School and College aquatic teams; while others develop the professional skills and knowledge to feed the Aquatics workforce. All groups teach beneficial life skills such as communication and being part of an effective team. The Fontana Park Aquatic Center dedicates 60 hours of pool space to these programs.

The Fontana Flyers Masters Swim Team program is designed for all swimming levels. Each practice is guided by staff and workouts are tailored to meet the needs of the swimmers. Anyone over the age of 18 is welcome to participate. Swimmers can participate in swim meets in their desired events.

The 2nd Annual Aqua Prom was held at the Fontana Aquatics Center for high school students to celebrate the end of the school year. There were 142 students who participated this year, an increase from last year. Cardenas Market donated food and drinks for the event and Four Clicks offered discounts for the photo booth. The Fontana Police Department and Fontana Public Works Department helped make this event successful.

Heritage Pool offered Friday Fun Nights for participants to enjoy a themed event with games, activities and a Dive-In Movie.

All Aquatic facilities, including the new Martin Tudor Splash Park offer the community an opportunity to host private parties at a reasonable cost. All facilities have been reserved for an array of events and in the recent summer months hosted 494 events. For information on aquatic rentals, please contact the Aquatic Center for rates and availability.

The Sports Division continually looks for innovative ways to ensure that the needs of the community are met. This is evident by the minor but highly effective program modifications that have been made in order to meet the demand and sport trends of today. This is all done without compromise of the Sports Division's mission statement of providing a quality, safe, fun, recreational sport experience while honoring the game.

At the conclusion of the program, all participants are provided an award to celebrate the completion of the season.

Upcoming Pee Wee Sports Programs include soccer and basketball.

The Youth Program is for children ages 8 to 17 years old and is designed to give participants an opportunity to expand on their skills in a more competitive game setting while applying strategy. The program is an 8 to 10 week season and participants receive an award and a uniform for game play that is also utilized as a representation of the division's partnerships with the Los Angeles Kings and the Los Angeles Clippers.

Partnerships with these two organizations have allowed the Sports Division to continue to provide cost effective programming with value.

Youth program participants are filled with excitement at the opportunity to play in a uniform or jersey with the logo of the professional athletes that they look up to. An added bonus is to partake in the pre-game on ice and court prior to the beginning of an NBA or NHL game.
