Christina Enriquez has been with the City of Fontana for ten years; starting as a part-time lifeguard, water safety instructor, and pool manager.

She has worked as a Community Services Assistant at the Miller Fitness Center and a Senior Community Services Assistant at the Don Day Neighborhood Center as the head instructor for the Tiny Tots Program.

In 2007, Ms. Enriquez became a full time employee in the Community Services Department as the Aquatics coordinator overseeing all community pools and the Miller Fitness Center. In 2010, Ms. Enriquez was asked to oversee the Don Day Neighborhood Center in which she continues to oversee the programming and day-to-day operations.

Ms. Enriquez is well like by her peers, supervisor and staff who work with her on a daily basis. Her ability to focus on the community that she services as well as see the vision of the Department is just some of the outstanding traits that Ms. Enriquez possesses.

Over the past year, Ms. Enriquez has developed strong partnerships with local businesses and non-profit organizations in the Southridge area that have helped with events put on by the Don Day Neighborhood Center. The events which have been a huge success in welcoming the local community include Easter, Summer Food Program, Halloween and Breakfast with Santa.

Ms. Enriquez has received donations and volunteers for the Easter Event and Breakfast with Santa from the Great Commission Baptist Church, which utilizes the Don Day Neighborhood Center every Sunday. **B. Fontana Aquatic Club – Megan Wolfe**

Community Services Coordinator Megan Wolfe introduced the Fontana Aquatics Club President Erick Fisher and Secretary Tracy Garcia.

Club President Erick Fisher shared that the Fontana Aquatics Club is a non-profit community based competitive swim team that has been in Fontana for 54 years. It has grown from a seasonal January through July team to a year-round team in 2005. All swimmers, coaches & board members are members of USA Swimming, which is the most nationally organized sports group in the US. Nearly all members are residents of Fontana. Coaches & board members are required to have a background check as well as training relating to child abuse & safety.

The Fontana Aquatics Club is also a part of the San Gorgonio League, a local group of teams who get together for dual meets and a championship. The San Gorgonio League is a fun, low pressure environment for new swimmers to get a feel for competition, and seasoned swimmers to be able to enjoy their sport with less pressure.

There are now over 100 swimmers who range in age from 5 to 18 years old and four coaches who are coach certified with USA Swimming.

There are four swimming groups, Bronze, Silver, Gold and Jr/Sr. They practice from three to six days a week depending on their level.

The Bronze level focuses on technique & begins getting swimmers used to the endurance required in swimming.

The Silver level continues refining technique and increasing yardage to build endurance.

The Gold level not only continues refining technique and increasing yardage, but adds dry land training for strength.

The Jr/Sr level increases yardage increases and they are pushed to increase their speed. There is also dry land in this group.

They compete in meets anywhere from once a month to 4 times a month depending on the time of year and the level of swimmer. There are swimmers that have been nationally recognized and continue to grow our participation in higher level meets such as Junior Olympics, Sectionals and meets in Canada and Mexico.

Teams not only swim, but consider ourselves as part of the community with the responsibility to teach our children to be good student athletes, sportsmanship, nutrition, responsibility, participation in community activities such as the annual Christmas parade (which is one of the highlights of our year), giving back to the community by doing food donations and writing to our troops, becoming good human beings and citizens, not just good swimmers. We also have over a dozen scholarship swimmers who have reduced monthly dues based on income & other criteria.

Swimmers typically go on to college, often continuing to swim at the college level, the military and to work in the community by continuing to participate in swimming as lifeguards/swim instructors, pool managers and coaches.

Discussion was held on the process for the scholarship program. There are various criteria and the Fontana Aquatics Club works with families so their children can swim, no one is turned away.
