## **PUBLIC HEARINGS:**

### **A. Design Review #14-028, New Condo Complex, Continued Public Hearing from April 21, 2015**

Orlando Hernandez, Senior Planner provided the staff report.

Staff received communication from property owners nearby regarding the block wall.

The Public Hearing was opened.

Discussion was held on the safe path for school children. Public Works does not have any planned improvements along Frankfort Avenue. There is a proposed project on Locust that will provide sidewalks and there will be a safe path to school.

Speaking for the applicant, Doug Andresen, the applicant has read the conditions and has no exception. The applicant will incorporate the block wall.

Discussion was held on the splash park/ground fountain feature being very expensive and the pool is a better option.

Jose A. Sanchez, a property owner to the east of the project spoke on a concern regarding the block wall.

Discussion was held on the block wall that the applicant will put up at the property line of the adjacent properties; there is an Edison easement, but there are no restrictions on the placement of the block walls.

Discussion was held on the adjacent property owner building a guest house in the future.

Ismael Tejada spoke on the concern of creating an alley with the new block wall, but he is okay, if the applicant builds the returns.

The applicant spoke on the willingness to do whatever needs to be done to be a good neighbor. The applicant and property owners agree to remove the neighbor's westerly wall and include new extension returns.

Discussion was held on having room for a sidewalk; applicant agreed to building a wall, but doing a curb and sidewalk would be a lot of money. The applicant will work with staff regarding a possible walkway.

Mr. Sanchez will speak to staff regarding adding a guest house on his property; moving the wall does not affect the building of the guest house.

The Public Hearing was closed.

**ACTION:** Motion was made by Vice-Chairperson Meyer and seconded by Secretary Garcia to 1) Determine that the project is Categorically Exempt pursuant to Section 15332, Class 32, (In-Fill Development) of the California Environmental Quality Act, direct staff to file a Notice of Exemption; and 2) Approve Design Review No. 14-028 with added Condition No. 12A, on page 22 of 33 regarding the block walls.
