# Executive Summary

## **Cash Balances:**

The City's General Fund cash balance is currently in a favorable position at \$17.9 million, increasing \$13.5 million from December's month-end. January 2019's cash balance is \$6.2 million higher than January 2018's cash balance.

## **Development Activity:**

Residential development construction activity through January totals 270 single family dwelling (SFD) permits (57.1% of the budget of 473 SFDs). Last fiscal year a total of 337 SFDs permits were issued.

## **Revenues:**

General Fund revenues through January 2019 are \$6.1 million higher than January 2018. Revenues are at **50.0%** of the current annual budget compared to a target of 58.33%, lagging primarily due to the Property Tax In-Lieu which delays receipt of a large portion of the Property Tax. Development related revenues have achieved **66.6%** of their annual budget.

## **Expenditures:**

Expenditures for the fiscal year are under budget at **55.2%** compared to a target of 58.33%.

## **Investment Report:**

The City's investments, through January 2019, have had a rate of return averaging **1.98%**; the City's investment policy benchmark of the "Two-Year Treasury Note" had a return of **2.55%**.

## **Special Reports:**

*Economic Development (page 26):* In January, the City issued 157 new business licenses and has a total of 8,900 active businesses as of January 31st. Also, in January, there were 18 residential dwellings ready for occupancy based on the number of new sewer hook-ups.

*Capital Reinvestment Fund (page 27):* For the ten years ending June 30, 2018, the City of Fontana expended \$65.7 million from the General Fund on capital improvement projects throughout the City. As of January 2019, \$7.4 million of General Fund money is budgeted in this fund on various improvement projects throughout the City. This excludes Non-General fund sources.

# Report Introduction

The following serves as an introduction to the Goals, Scope and Contents of this report.

**Goals:**

Consistent with the City Council Goals of:

**To Operate in a Businesslike Manner; To Practice Sound Fiscal Management; and To Increase Citizen Involvement.**

This general-purpose “User Friendly” financial report is designed to meet the following objectives:

**To provide concise information needed to gain a fair understanding of the City’s financial position, results of operations and cash flows;**

**To serve as the critical link between accounting systems and the users they are designed to serve; and**

**To serve as an early warning document to indicate unfavorable financial events.**

**Scope:**

Initially, this report’s primary focus is on the fiscal events of the City’s General Fund. This focus will be expanded to other financial activities of the City funds as they occur and this report matures. Current year, monthly and fiscal-year-to-date (F-Y-T-D) information is provided on all charts and prior year data is provided in those areas where trend analysis is applicable. This report is not a substitute for the Comprehensive Annual Financial Report (CAFR).

**Frequency:**

This report will be published monthly.

**Contents:**

This report consists of various sections as detailed on the previous page. Each schedule within these sections contains descriptive information about the schedule. Some of these reports contain graphs to aid the reader. These graphs include a current year and two prior year trend lines and, where available, a five-year averages trend line. These trend lines provide a meaningful comparison of current year data.

**Other Focus Features:** Periodically, special reports will appear highlighting such fiscal areas as debt, cost allocation, long range fiscal plans, etc.

# General Fund Cash Balance and Cash Available

## Cash Balance

Similar to a personal bank account, the City's "Cash Balance" is the amount of money in the bank at a certain date.

January's ending cash balance reflects an increase of \$13.5 million as compared to December's ending balance.

## Available Cash

When other funds temporarily "borrow" money from the General Fund, the remaining amount is called "Cash Available".

The City's General Fund "Cash Available" increased by \$13.8 million since December. Other funds have temporarily borrowed **\$702,855** from the General Fund to offset **negative cash** balances. This advance is primarily attributable to: After School Programs **\$618,407**, Federal Law Enforcement Block Grant **\$49,358** and Fire District Grants **\$35,090**.

Repayments to the General Fund will be made as funds become available.

## Net Monthly Cash

The "Net Monthly Cash" (blue columns) is the difference between the monthly revenues and expenditures.

Occasionally, more expenditures will be paid than revenues received during the month. When this occurs, the column drops below the zero line and turns **white**. If this situation were continuous, a cash flow problem would develop.

See page 20 for a listing of all funds with negative cash.

**Residential Development** activity often acts as a barometer of local economic conditions. The **brown thick line** on the chart represents last year's building activity within the City. This year's activity is represented by the solid thick **blue line**.

In January, the City issued **14** SFD building permits.

The following are all located north of Foothill and east of Interstate 15. The West End Development, West Gate, Summit Heights, Landings, Rancho Fontana, Sierra Lakes, Walnut Village, Northgate, Citrus Heights North, Bellgrove II, Fontana Star, Morningside, Stratham Homes, Promenade, Providence Point, Sierra Crest and Arboretum.

The Hunter's Ridge Development and Coyote Canyon Development are located north of Interstate 15.

The Country Club Estates Development and Sycamore Hills are located south of the Interstate 10 Fwy and east of Sierra Avenue.

The Southridge Development is located south of the Interstate 10 Fwy and west of Sierra Ave.

There were **14** permits issued in the City Wide & In-Fill Area, of which **(2)** were issued to independently owned properties.

**Certificates of Occupancy:** New sewer hook-ups (**FYTD 176**) indicate that new construction is ready for occupancy. A large number of residential housing hook ups follow a large number of previously issued building permits.

## Development Activity . . . Commercial & Industrial

### Commercial and Industrial

**Development** activity, similar to residential development, acts as a barometer of the local economic conditions. New activity in these development categories initially creates construction jobs and ultimately provides for a permanent employment base for the community.

Development activity over the past several years has been light as the industry has sought existing vacant buildings. As these existing structures become occupied and the vacancy rate diminishes, new development activity starts to increase.

The City issued 1 commercial building permits in January.

The City issued 0 new industrial building permits in January.

December - 40,750 sq. ft. building @ 14242 Jurupa Ave. January - none.

## General Fund Financial Summary

The General Fund is comprised of such general revenue sources as taxes, fines, licenses and fees. The fund provides for such services as Public Safety, Recreation, Legislative and City Administration. The use of money in this fund is generally not restricted to specific services and projects as is the case with other city funds.

**Revenues** - The green solid line on the adjacent chart, shows that the General Fund revenues are 50.0% of the annual budget. Year-to-date total revenue is \$6.1 million higher than last year's revenue levels through January's month-end.

**Expenditures** - The red solid line represents the General Fund expenditures actually paid and do not include \$4.2 million of encumbrances (commitments made and agreed to be paid after obligations are fulfilled). The City's operating departments are on course with their expenditure plans. Additional details by department are listed on page 9.

## Revenues

The General Fund's 140+ revenue accounts are categorized by like types of activity on the adjacent chart. In general, revenues can be further summarized into Taxes, Fees, State Subventions and other revenues.

Over one-half of the City's General Fund revenues are derived from taxes. The top two budgeted tax revenue sources are Sales Tax (36.8% - \$41.0 million), and Property Tax (23.2% - \$25.8 million).

Through January 31, 2019, the General Fund's actual revenues received are 50.0% of the annual budget amount.

Development related revenues have achieved 66.6% of their annual revenue budget. During January, construction permits were issued for 14 additional homes.

MVLF revenues are being significantly affected by the economic downturn. State charges have grown far in excess of VLF collections. While state charges increased at about 10% per year, actual revenue collections have been declining. This decline, together with the State charges has caused a cash flow issue in recent months in which, following state charges, there were zero funds left to allocate to cities. All legislation efforts to restore the MVLF for the annexation areas within the City have failed.

## General Fund Revenue . . . Highlights

Two of the most significant revenue sources for the General Fund are Sales Tax and Property Tax In-Lieu of VLF. These two sources account for 60% of the estimated General Fund revenues.

**Sales Tax:** Sales Tax revenues, fiscal year to date, are **\$24,836,936** or **60.5%** of the annual budget of \$41,000,000.

**Property Tax in-Lieu of VLF:** Property Tax In-Lieu of VLF revenues to date are **\$10,093,825** or **52%** of the total annual budget of \$19,350,000. This revenue is received one-half in January & one-half in May.

The Budget Act of 2004 contains a "swap" of city and county Vehicle License fee revenues for property tax revenues effective for the FY04-05 budget year.

This act, also known as the State's "Triple Flip" includes a permanent reduction of the VLF rate from 2% to 0.65%. The VLF backfill is eliminated and replaced with a like amount of property taxes, dollar-for-dollar payable in lump-sum payments twice a year in January and May.

Subsequent to the FY04-05 and FY05-06 base years, each city's "property taxes in lieu of VLF" will increase in proportion to the growth in gross assessed valuation in the city.

Remaining VLF revenue is deposited in the Motor Vehicle License Fee Account. After the State administrative charges, there are zero funds left to allocate to cities.

## General Fund Expenditure Summary by Department

At the end of January 2019, the Departments' expenditures are running below the estimated fiscal year to date budget as illustrated by the solid red line on the chart. These expenses do not include \$4.2 million of encumbrances.

The Departments are on track with their expenditure plans. To date, the Departments have spent 55.2% of their annual budgets compared to a target of 58.33%.

# Actual to Model Comparison

## INVESTMENT PROGRAM:

The purpose of the investment program is to provide procedures which:

- 1) Adhere to the Statement of Investment Policy.
- 2) Prioritize safety and liquidity.
- 3) Determine risk and optimize return.
- 4) Provide for a system of due diligence in making investment decisions.

A "Model" investment portfolio has been developed to provide the strategic framework for managing and reporting on the investment portfolio. This model provides a system of due diligence and directs the tactical theme for how and why securities are bought and sold.

## Fiscal Year 2018-2019 Self-Insurance Fund Status

(Cash balances are based on daily estimates and are subject to change)

### Fund Balance Goal and Cost Assumptions

Data Provided for January 31, 2019

#### Liability - Projected Annual Costs

Annual value of excess liability insurance	\$ 466,500	
Other professional administrative costs	474,500	
Annual claims value administered by risk	1,500,000	
Legal services	1,300,000	
Miscellaneous Departmental Costs	11,000	
Total Liability - Projected Annual Costs		\$ 3,752,000 (1)

**Risk Management** is an important part of local government management with significant impact on public financial management. Risk management is interdisciplinary, involving finance, environmental management, public works, safety, transportation, parks, recreation, health, education, personnel, purchasing, and law.

Risk management results in more effective use of funds that might otherwise be diverted to purchasing unnecessary or expensive insurance, replacing damaged property, or paying liability or workers' comp claims.

Risk management identifies exposures that can be covered by means other than insurance—or that can be avoided completely.

Risk management can lower expenditures by reducing the overall "costs of risk."

# Economic Development in Fontana

## Factors Indicating the City's Economic Growth:

**Business Licenses:** "New" businesses are those that first applied for a business license in that fiscal year. There were 8,933 active businesses in FY 2016-17. As of June 30, 2018 there were 8,959 active business licenses in the City. Businesses are recorded as renewals in the subsequent year.

During the month of January 2019, 157 new business licenses were issued, primarily to Contractor-Specialty (46), Contractor-General (15) & Retail (18). In addition to these 157, the City received 44 other business license applications that are pending approval. As of January 31, 2019, there are 8,900 active business licenses representing a decrease of 59 since June 30, 2018.

Business License accounts continue to be audited on a continuous basis and any accounts on delinquent status are removed from the Active status.

**New Sewer Hook-Ups:** New sewer hook-ups indicate that new construction is ready for occupancy. A large number of residential housing hook-ups follow a large number of previously issued building permits. In January 2019, there were 18 new residential hook-ups and 3 commercial/industrial hook-ups.

## Capital Reinvestment Fund #601

**Fund Description:** The Capital Reinvestment Fund was established in May 1998 to separate General Fund allocations for capital projects from operating funds. Its mission is to implement the City Council goal to invest 10% of the annual General Fund appropriations into discretionary infrastructure projects as defined in the Seven-Year Capital Improvement Program. **Revenue Source:** The Capital Reinvestment Fund's main source of revenue is the General Fund. In the past 10 fiscal years, Capital Projects actual expenditures have totaled **\$65,718,598** through June 30, 2018.

## Future Capital Projects Fund #603

**Fund Description:** The Future Capital Projects Fund was established in July 2011 to accumulate reimbursements received from SANBAG and the Circulation Mitigation Development Impact Fee Fund. These reimbursements are being received as the result of eight Cooperative Agreements implemented between the City and SANBAG in December 2006. The City Council goal is to invest 100% of these funds into discretionary infrastructure projects as defined in the Seven-Year Capital Improvement Program.

## Development Services Organization Customer Service Quality Assurance

Each month the Development Services Organization sends 150 surveys to a random sampling of customers. There were 21 survey cards received in January

The surveys request a rating of the level of customer assistance that was received. A rating of 1 is below expectations.

A rating of 5 is above expectations.

The survey also invites the customer to comment on the service that was received.

The following charts summarize the responses received.

The Development Services front counter staff assisted 1,871 customers in January which equates to 98 customers per day.

As of January 31, 2019, Fire has spent 47.61% of their annual contract compared to a target of 58.33%.
