COMMISSION COMMENTS:

A. Public Communication Remarks:

Commissioner Thrasher stated that he had an opportunity to attend the Planning Commission Academy and based on his observation the City of Fontana staff and the city as an agency, in comparison to other agencies, work well together. He wants to applaud Phil Burum, Deputy City Manager, Patty Nevins, Director of Planning, and Planning Staff for doing a fantastic job. The conference was fantastic, and it shows what a great community Fontana is. He thanked everyone on staff for the wonderful job they do, and he stated that he is glad to be part of the Fontana Community.

Secretary Sanchez echoed Commissioner Thrashers comments and stated that it is getting easier to make decisions on projects based on the information provided by staff. As a veteran of the Planning Commission, he stated that it is an honor to serve on the Planning Commission and there are great people to work with. He mentioned that projects are getting better, and that staff is doing a great job. He thanked everyone and wished everyone a good night.

Vice Chair Sangha thanked the staff for the staff reports presented at tonight's meeting, and the Information Technology Department Staff for setting up the meeting. He stated that based on the project presented at tonight's meeting, he feels there is a need for vocational and trade schools in the community, he commented that maybe the traditional school system is not for everyone, and maybe students can't afford it, so vocational and trade school opportunities are great as an alternative. He shared his personal experiences as he went through various vocational school and programs. He thanked everyone for the opportunity to serve and wished everyone a good night.

Chair Fort echoed the comments of her fellow Planning Commissioners regarding staff, as it pertains to all the work that goes into preparing and distributing the information that the commission needs for the meetings. She commented on the Undercover Boss episode, which highlighted and showed all the great work that goes on and around the city, and that staff does. She mentioned that although only a few departments were showcased it goes to show all the hard work that goes into the city, and it is the best place to live, work, and play; and it was nice to see some things being featured. There is a lot of pride in the city, and that is why they do what they do and why residents choose to live in the city, it's not a perfect world, but it is a nice place to be, and as so, it is an honor and a privilege to serve.
