

## **Departmental Annual Training 2024**

**March 18 – 22**

### **Active Shooter Training**

#### **Purpose:**

The purpose of active shooter training is to train departmental personnel in responding to an active shooter situation. Have personnel think about tactics while responding to an active shooter as well as tactics when engaging the threat.

#### **Goals:**

The goal of this departmental training is to train departmental personnel in responding to an active shooter situation. Understand that “Active Shooter” means imminent threat to life to the public and/or officers. Have each member trained in responding to an active shooter type call. Understand the importance of responding to and handling an active shooter situation. This training and exercise is the tactical or pre-planned meeting when it comes to dealing with this type of situation.

#### **Schedule:**

Active Shooter PowerPoint

Training stations (8425 Mango Ave)

Active shooter practical exercise (8425 Mango Ave)

#### **Equipment:**

Simunition guns and ammunition

Training site

Role players

Safety equipment

#### **Training:**

PowerPoint Presentation

- The PowerPoint presentation will be in the morning at FPD
- The presentation will cover Active Shooter responses, engagement, terms and after engagement

**Training Stations:**

- Training stations will be based on Active shooter response. These stations and training will include formations, movement, room entry, officer rescue/officer down, and open area movement

**Scenarios:**

The scenario-based training will include simunition force on force active shooter training.

- Officers will respond to an active shooter type call in groups
- They will use all of the training taught throughout the day to apply the knowledge and demonstrate the understand the concepts taught
