

City of Fontana

Planning Department / Public Works Department

This list has been put together from input from the Public Works Department specifically from their landscape maintenance section. This list was created after maintenance staff has encounter field issues with the specific plant material below. After monitoring these plant material for several years, it has been determining that these plant materials have proven not to be suitable to be use in the landscape design within the City of Fontana. These plant materials do not perform well in this climate, soils, and environment.

This list will be upgraded periodically and will add or remove plant as deeded.

Common name	Botanical name
