

FINAL GRADE CERTIFICATION

The City of Fontana requires a licensed Professional Engineer / Licensed Land Surveyor to submit a signed and stamped final grading certification prior to the issuance of a certificate of occupancy.

Project Description: _____

Project Address: _____

Tract No. _____

Lot No(s). _____

Permit No. _____

I hereby certify the final grading for the above referenced project in accordance with my responsibilities under California Building Code Chapter 33, Appendix J, and the City of Fontana Municipal Code. I confirm that the site has been graded in accordance with the approved grading plan including: completion of required engineered or other drainage devices, completion of retaining walls, location of property corners for proper building location, location and slope ratio for all manufactured slopes, construction of earth berms or swales, and positive building pad drainage.
